Programs

Degrees Offered

The Graduate College awards graduate degrees in major fields for the following curricular colleges: College of Liberal Arts and Sciences, Tippie College of Business, College of Dentistry, College of Education, College of Engineering, Graduate College, Carver College of Medicine, College of Pharmacy, and College of Public Health.

The graduate degrees offered at the University of Iowa include: Master of Arts (MA), Master of Science (MS), Master of Accountancy (MAc), Master of Arts in Teaching (MAT), Master of Computer Science (MCS), Master of Fine Arts (MFA), Master of Health Administration (MHA), Master of Public Affairs (MPAff), Master of Public Health (MPH), Specialist in Education (EdS), Master of Science in Nursing (MSN), Master of Social Work (MSW), Doctor of Philosophy (PhD), Doctor of Education (EdD), Doctor of Musical Arts (DMA), Doctor of Nursing Practice (DNP), Doctor of Physical Therapy (DPT), and Doctor of Audiology (AuD) degrees.

Graduate College Academic Units

The Graduate College is the collegiate home for three graduate degree programs and the International Writing Program. The Iowa Center for the Book prepares graduate students in bookbinding, letterpress printing, papermaking, lettering arts, artists books, book design, and historical and cultural book studies. The world-renowned International Writing Program assembles a community of established poets, fiction writers, essayists, playwrights, and journalists for a unique residency on campus. The School of Library and Information Science offers a graduate-level program of professional and academic preparation for careers in libraries and information centers. The School of Planning and Public Affairs encompasses the development and implementation of public policies that improve the quality of life in cities, regions, states, and nations as well as protects the environment and sustains the earth.

Interdisciplinary Graduate Degree Programs

The Graduate College is also home to a number of University of Iowa interdisciplinary degree programs. Detailed information about the following master's and doctoral degree programs is provided later in these Graduate College sections of the catalog: Applied Mathematical and Computational Sciences, Genetics, Human Toxicology, Immunology, Informatics, Molecular Medicine, Neuroscience, Sustainable Development, and Translational Biomedicine.

Interdisciplinary Studies

In addition to the degree programs listed, the Graduate College sponsors the master's and doctoral degrees in interdisciplinary studies. There is no direct admission to the interdisciplinary studies degree programs. Students seeking approval for interdisciplinary master's and doctoral programs must previously have been admitted to and enrolled in a departmental program in the Graduate College. See the Interdisciplinary Studies section of the catalog.
