Undergraduate certificate: human rights
Website: https://uichr.uiowa.edu/

Human rights concern the inherent dignity of all human beings and the promotion and protection of that dignity regardless of race, color, gender, sexual orientation, religion, culture, nationality, birth, or other status. The Certificate in Human Rights broadens students' understanding of human rights issues and helps them learn how to use an interdisciplinary approach to identify solutions.

Course work for the certificate is drawn from units across the University of Iowa. It prepares students to examine societal problems critically and to design specific solutions to human rights dilemmas in a wide range of areas, such as civil governance, the situations of women and racial and sexual minorities, child welfare, socioeconomic development and well-being, hunger and poverty, education, health, immigration, ecological sustainability, and mass violence.

The Certificate in Human Rights is administered and awarded by the College of Law.
