

Sport and Recreation Management, MA

Learning Outcomes

Graduates will be able to:

- apply and analyze financial and risk management principles and marketing and promotion strategies in the sport and recreation industries;
- demonstrate a comprehensive understanding of leadership principles in the sport and recreation industries;
- demonstrate a comprehensive understanding of the experience economy and its application in the sport and recreation industries;
- demonstrate the ability to perform research for and apply findings to the sport and recreation industries;
- express ideas clearly, logically, and persuasively in both oral and written formats;
- demonstrate critical thinking, teamwork, project management, and presentation principles to unique sport and recreation organization challenges;
- develop a career objective and begin to implement a clear plan for achieving it; and
- demonstrate an understanding of and the ability to apply ethical decision-making to sport and recreation industry challenges.

Requirements

The Master of Arts program in sport and recreation management requires a minimum of 30 s.h. Required coursework (21 s.h.) includes experiential learning in a field experience course and a capstone course that allows students to perform research in an area of interest that has practical application during the final semester before graduation.

The MA in sport and recreation management requires the following coursework.

Required Courses

Course #	Title	Hours
All of these:		
SRM:4197	Sport and Recreation Field Experience	3
or SRM:4199	Independent Sport and Recreation Field Experience	
SRM:6250	Research in Sport and Recreation	3
SRM:6251	Risk Management	3
SRM:6252	Economics and Financing	3
SRM:6253	Sport Administration	3
SRM:6254	Marketing and Sport Promotion	3

Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

Applicants must also meet sport and recreation management program requirements, which include:

- a U.S. baccalaureate degree from a regionally accredited college or university or an equivalent degree from another country as determined by Admissions;
- a minimum grade-point average of at least 3.00 or the international equivalent as determined by Admissions;
- a personal statement;
- three letters of recommendation; and
- a résumé.

Application deadlines are:

- Fall semester—Feb. 1
- Spring semester—Oct. 1
- Summer session—Feb. 1

Applications submitted after the deadline will be considered only if there is available space.

Career Advancement

Through academic coursework, practical experience, an individualized capstone project, and a network of industry contacts, the program is designed to help students achieve their unique professional and educational goals. Alumni find employment in such settings as professional team front offices, college and high school athletic departments, campus and community recreation programs, agencies serving sport and recreation clients, league offices, coaching, and in a number of other areas.

The faculty provides individual mentoring to students and offers several opportunities for students to connect with industry professionals throughout the year to learn about internships and jobs.

Experiential Learning in the sport and recreation management program in the Department of Health and Human Physiology assists students in finding their specific connection to the industry. The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

Academic Plans

Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.
