

# Master of Science in Nursing, MSN

## Admission

Applicants to College of Nursing graduate programs must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

Applicants must have a cumulative grade-point average of at least 3.00. A criminal background check is required for all students upon admission. The College of Nursing has additional application requirements, as follows.

## Admission to the MSN Program

Applicants for the MSN program must submit official transcripts from institutions for all undergraduate and graduate coursework.

Applications are reviewed once a year. To be reviewed, the application must be complete with all materials submitted.

International students who require F-1 or J-1 student immigration status are not eligible to apply to the MSN subprograms of Clinical Nurse Leader (CNL) and Nursing Systems Administration (NSA), due to the extensive web-based coursework required. Questions regarding visas and immigration documentation should be directed to International Student and Scholar Services (ISSS).

## Additional Application Requirements

- Admission to the Clinical Nurse Leader Subprogram
- Admission to the Entry Into Practice Subprogram
- Admission to the Nursing Systems Administration Subprogram

## Admission to the Clinical Nurse Leader Subprogram

Additional application requirements specific to the MSN with a clinical nurse leader subprogram are:

- a bachelor's or advanced degree with a major in nursing from a Commission on Collegiate Nursing Education (CCNE) or National League for Nursing Accrediting Commission (NLNAC) accredited nursing program;
- approximately one year of experience;
- active nursing license;
- current written recommendations from three persons knowledgeable about the applicant's competence in the practice of nursing and potential for leadership and scholarship (forms required); and
- a current résumé, goal statement (statement of purpose), statement of disclosure, and supplemental/information form.

Applicant interviews are required, and in some cases, virtual interviews may be arranged.

## Admission to the Entry Into Practice Subprogram

Additional application requirements specific to the MSN with an entry into practice subprogram are:

- a bachelor's or advanced degree in a discipline other than nursing from an accredited college or university;
- completion of natural sciences courses within 10 years and/or a combination of related experience and training that provides the knowledge and abilities necessary to meet the objectives of the courses;
- completion of prerequisite coursework at the time of application (on track to have no more than two natural sciences and one social science unfinished at the end of the application semester);
- completion of an upper-level statistics course within five years of the application deadline (acceptable University of Iowa courses include BIOS:4120 Introduction to Biostatistics, PSQF:4143 Introduction to Statistical Methods, STAT:3510 Biostatistics, and STAT:4143 Introduction to Statistical Methods); and
- successful background and abuse checks.

Applicants must apply to the Graduate College as part of the process for admission to the College of Nursing MSN-EIP subprogram. The first step is to complete the online application through the Graduate Admissions MSN-EIP webpage and pay the appropriate fee. As part of the second step, Graduate Admissions will contact the applicant by email to provide instructions on uploading supporting documents, which include the following:

- current written recommendations from three persons knowledgeable about the applicant's potential for the practice of nursing and leadership and scholarship (required forms provided at the time of application by the Graduate College); and
- other forms, including a leadership and experiences form, a statement of purpose form (two essay questions), a statement of disclosure form, and a justification form (if applicable).

Applicant interviews are required, and in some cases, virtual interviews may be arranged.

International applicants to the MSN entry into practice subprogram must meet the English proficiency requirement of Graduate College. For a complete list of accepted English proficiency exams, score requirements, and waiver eligibility, please refer to the English Proficiency Requirements on the Graduate Admissions website.

## Prerequisites for Natural and Social Sciences

To be considered for admission, a maximum of two natural sciences courses and one social science course can be incomplete at the application deadline; all must be completed prior to enrollment in the MSN entry into practice subprogram.
