

College of Pharmacy

Dean

Jill M. Kolesar

Associate Dean, Academic Affairs

Mary E. Ray

Associate Dean, Student Affairs

Cynthia A. Sanoski

Associate Dean, Research and Graduate Programs

David L. Roman

Associate Dean, Clinical Affairs

Michael J. Brownlee

Assistant Dean, Iowa City Veterans Affairs Medical Center

Traviss A. Tubbs

Chair, Pharmaceutical Sciences and Experimental Therapeutics

Jonathan A. Doorn

Interim Chair, Pharmacy Practice and Science

William Doucette

Managing Director, University of Iowa Pharmaceuticals

Marlow B. Hicks

Professional degree: PharmD

Professional certificate: Emergency Medicine and Critical Care Pharmacotherapy

Graduate degrees: MS in pharmacy; PhD in pharmacy

Faculty: <https://pharmacy.uiowa.edu/people>

Website: <https://pharmacy.uiowa.edu/>

Facilities

Pharmacy Building

A new, state-of-the-art building has set the stage for advancements in science and discovery, and for world-class pharmacy education to continue to grow and thrive. Classroom space is designed for collaborative and hands-on learning. The building boasts 16 collaborative research spaces and 23 learning spaces—centers and team rooms with aspects of universal design. In addition, the college has added 16,000 square feet of manufacturing space with a sterile products processing facility.

The original facility, now called the Pharmaceutical Sciences Research Building, continues to house classrooms, labs, offices, and a manufacturing facility.

The College of Pharmacy is located on the university's health sciences campus in close proximity to five professional schools. Students collaborate with expert healthcare providers at the Carver College of Medicine, and at the colleges of Dentistry, Nursing, and Public Health. The College of Pharmacy is located in close proximity to University of Iowa

Health Care, the Bowen Science Building, and the Hardin Library for the Health Sciences.

For more than 125 years, the University of Iowa College of Pharmacy has led the way in educating pharmacists and pharmaceutical scientists. The college is well known for its high-quality pharmacy education, advanced practice models, patient care, drug discovery, product development, and contract manufacturing.

University of Iowa Pharmaceuticals

University of Iowa Pharmaceuticals is a pharmaceutical manufacturing facility registered with the U.S. Food and Drug Administration that develops pharmaceutical dosage forms and has manufactured clinical supplies in compliance with Good Manufacturing Practices since 1974. University of Iowa Pharmaceuticals has clients worldwide, including pharmaceutical companies, biotechnology firms, medical departments, and government agencies. Its staff works closely with clients and pharmaceuticals faculty members to produce virtually every type of pharmaceutical dosage form, supplying new pharmaceutical agents for use in clinical trials and other research. For more information, visit the UI Pharmaceuticals website.
