Academics at Iowa

The University of Iowa offers academic degree and nondegree programs at the undergraduate and graduate levels. It also offers postdoctoral study and other opportunities for nondegree study and research. The General Catalog describes the University’s degree and nondegree programs at the undergraduate and graduate levels.

The following pages provide global information about undergraduate, graduate, and professional study across the University. They include lists of all undergraduate majors (including tracks, concentrations, emphases, or subprograms), certificates, and minors, with links to the relevant Catalog sections; a link to the College of Liberal Arts and Sciences’ undergraduate General Education Program; information about the undergraduate Four-Year Graduation Plan; information about graduate and professional study; descriptions of the University’s course numbering and grading systems; and contact information for supporting offices (admissions, registrar, housing, student financial aid, and equal opportunity).

- Undergraduate Study
  - Undergraduate Majors and Pre-majors
  - Undergraduate Certificates
  - Undergraduate Minors
  - General Education Program
  - Four-Year Graduation Plan
  - Iowa Degree in Three
- Graduate and Professional Study
- Course Numbering
- Grading
- Supporting Offices

For information about degree and nondegree programs in specific disciplines and interdisciplinary areas, including graduation requirements and courses offered, see the links under Colleges and Other Academic Units in the Catalog.

To find the Catalog section for a specific academic department or program, use the Catalog’s A-Z Directory or the Catalog Contents index.
