

# Economics, BBA

## Requirements

The Bachelor of Business Administration with a major in economics requires a minimum of 120 s.h. of coursework, including at least 22 s.h. of coursework for the major. To graduate, students must have a cumulative grade-point average of at least 2.00 in all college coursework attempted, all coursework attempted at the University of Iowa, all college business coursework attempted, all business coursework attempted at the University of Iowa, all college economics coursework attempted, and all economics coursework attempted at the University of Iowa. Coursework in the major may not be taken pass/nonpass. They also must complete all Tippie College of Business requirements for the Bachelor of Business Administration.

The BBA program emphasizes the economic foundations of business fields—accounting, finance, marketing, business law, and management. The BBA with a major in economics is designed for students who seek employment in the public or private sectors or who plan to earn an MBA degree after gaining necessary experience. The analytical subprogram is designed for students interested in a more mathematically rigorous program. They will be well prepared for technical jobs in the public or private sectors as well as graduate study in economics and related fields.

The major requires a course in professional preparation, mathematics and statistics courses, economic theory courses, and applied field courses. Students in the analytical subprogram take required mathematics and statistics courses, but are not required to take MATH:1350 Quantitative Reasoning for Business or STAT:1030 Statistics for Business. Students should pay close attention to the order in which they take courses, since some courses are prerequisites for others.

Students may be able to count a limited amount of transfer credit toward the economics major, but they are required to complete the following courses at the University of Iowa: ECON:3100 Intermediate Microeconomics or ECON:3125 Intermediate Microeconomics: Advanced, ECON:3150 Intermediate Macroeconomics, and two of the applied field courses.
