- a The international business certificate program encourages students to develop a global mindset and cross-cultural skills through their coursework and co-curricular experiences. The study of a world language, an experience abroad, and engagement with international groups on campus and in the community support the program's curriculum.
- b See the General Catalog for list of approved courses.
- c Some GE courses such as those for Understanding Cultural Perspectives, Historical Perspectives, International and Global issues, Social Sciences, and Values and Society may also fulfill a requirement for the international business certificate.
- d Non-business majors can opt to complete either ENTR:1350 or ENTR:2000 rather than ACCT:2100 and MKTG:3000.
- e There are three options for satisfying the cultural immersion component: 1) complete a fourth semester-level or higher-level world language course offered for at least 3 s.h. and not taught in English, typically taken during first year; 2) complete at least 6 s.h. from approved study abroad courses or related coursework, typically taken during second or third year; or 3) complete at least 6 s.h. in courses from one of the following area studies: Asia, Europe, Latin America, Middle East/Africa, or Russia/Eastern Europe.
- f Students are encouraged to complete this course during either the second or third year.
