

# Intercollegiate Athletic Participation

## Director

- Elizabeth A. Tovar

**Website:** <http://academics.hawkeyesports.com/>

Students who are members of University of Iowa intercollegiate athletics teams and are certified to participate in their sport may register for CSI:1460 Athletic Transition Seminar and CSI:1470 The Hawkeye Life Experience.

First year student-athletes may enroll in CSI:1460 Athletic Transition Seminar and receive 1 s.h. of graded credit. The course provides new student athletes with an overview of the Hawkeye Life Program through Athletics, the student development program for all student athletes at the University of Iowa. Through the exploration and application of leadership, community engagement, academic success, health and well-being, career development, and diversity and inclusion, students are able to apply these pillars to further examine their academic, personal, and career goals.

Student-athletes who have previously received credit for CSI:1460 Athletic Transition Seminar may enroll in CSI:1470 The Hawkeye Life Experience and receive 1 s.h. of graded credit. The course is an experiential seminar for student athletes. Students select events that focus on leadership, community engagement, academic success, career development, health and well-being, and diversity and inclusion from the Hawkeye Life Program through Athletics, and then post written reflections of their experiences on the class site and reflect on their experiences when the seminar meets.

Registration for CSI:1460 Athletic Transition Seminar and CSI:1470 The Hawkeye Life Experience requires approval from the associate athletics director for student-athlete academic services. Members of University of Iowa sport clubs are not eligible to enroll in CSI:1460 or CSI:1470.
