Master of Clinical Nutrition, M.C.N.

Career Development

The Master of Clinical Nutrition program prepares students to be competent as a registered dietitian nutritionist (RDN). According to the Occupational Outlook Handbook released by the U.S. Department of Labor Statistics, the employment of registered dietitians and nutritionists is projected to grow eight percent from 2019 to 2029, at a faster rate than the average for all occupations.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.
