Facilities

The Department of Family and Community Medicine medical student education team is located at the Northgate Drive facility, which houses a 33,000-square-foot primary care clinic with 41 clinical exam rooms and a lab, the University of Iowa Family Medicine Residency - Iowa City residency program, and the department's research and administrative staff. The department also has community-based clinics in northeastern Iowa City, Coralville, Cedar Rapids, Muscatine, North Liberty, Riverside, and additional communities in the area. The department's inpatient and obstetrical services are located at the University of Iowa Medical Center Downtown campus.
