Microbiology, MS

Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website. They should have a cumulative grade-point average of at least 3.00 and must have completed courses in biology, chemistry (inorganic and organic), mathematics including calculus, and physics. Those admitted with deficiencies must complete the relevant coursework during their first year of graduate study. Admission is determined through a review and formal vote by the faculty.

Students interested in the MS program in microbiology require a faculty sponsor and approval of the microbiology graduate admission or graduate advisory committee.
