

Pathology, MS

Admission

Applicants must have a bachelor's degree in a science discipline from a regionally accredited American college or university, or an equivalent degree from another country as determined by University of Iowa Admissions. Applicants must also have a minimum grade-point average of 3.00 on a 4.00 scale, or the international equivalent as determined by Admissions. In addition, laboratory-based research experience is highly desired. Graduate Record Examination (GRE) General Test scores are not required to apply.

A subset of applicants will be selected for interviews, conducted either in person or virtually. Admission decisions are determined based on academic performance, research experience, letters of recommendation, personal statements, and interviews.

Students who are applying must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.
