

Doctor of Physical Therapy, DPT

The Doctor of Physical Therapy (DPT) is the entry-level professional degree for physical therapists. Based on the number of outstanding applicants, approximately 50 students are annually enrolled in the DPT program.

Programs designed to lead to professional licensure are subject to federal regulations regarding informational disclosures. Please see Professional Licensure Disclosures by Program for further information.

Learning Outcomes

Graduates will be prepared to:

- examine, evaluate, treat, and prevent impairments, functional limitations, and disabilities;
- maintain and promote fitness, health, and quality of life; and
- ensure availability, accessibility, and excellence in the delivery of physical therapy services to patients/clients.

As essential participants in the health care delivery system, graduates will be:

- prepared to assume leadership roles in prevention and health maintenance programs, in the provision of rehabilitation services, and in professional and community organizations; and
- able to play important roles in developing health policy and appropriate standards as well as assessing clinical outcomes for the various elements of physical therapy practice.
