Endodontics Courses (ENDO)

ENDO Courses

This is a list of courses with the subject code ENDO. For more information, see Endodontics (College of Dentistry) in the catalog.

- **ENDO:5201 Update in Endodontics** 0-1 s.h.
  Recommended for second year certificate students.
- **ENDO:5225 Endodontic Literature Review I** 0,2 s.h.
  Current and historical research.
- **ENDO:5226 Endodontic Literature Review II** 0,2 s.h.
  Continuation of ENDO:5225.
- **ENDO:5260 Current Literature in Endodontics** 0-1 s.h.
  Current literature relevant to endodontics, including diagnosis or treatment of endodontic cases; dental journals with endodontic-related content; landmark research.
- **ENDO:5700 Endodontic Surgery Conference** 0,2 s.h.
  Attendance at Endodontic Surgery Conference.
- **ENDO:5701 Advanced Clinical Endodontics** 0,3 s.h.
  Advanced study.
- **ENDO:5710 Research in Endodontics** arr.
- **ENDO:5720 Seminar in Endodontics I** 0,2 s.h.
  First in a series of lectures in endodontics.
- **ENDO:5721 Seminar in Endodontics II** 0,2 s.h.
  Continuation of ENDO:5720.
- **ENDO:6227 Endodontic Literature Review III** 0,2 s.h.
  Continuation of ENDO:5226.
- **ENDO:6228 Endodontic Literature Review IV** 0,2 s.h.
  Continuation of ENDO:6227.
- **ENDO:6701 Seminar in Endodontics III** 0,2 s.h.
  Continuation of ENDO:5721.
- **ENDO:6702 Seminar in Endodontics IV** 0,2 s.h.
  Continuation of ENDO:6701.
- **ENDO:8240 Endodontics Preclinical Didactic** 1 s.h.
  Basic principles, concepts, technical procedures for treatment of pulpal problems.
- **ENDO:8241 Endodontics Preclinical Laboratory** 1 s.h.
  Basic technical procedures for treatment of pulpal problems.
- **ENDO:8369 Clinical Endodontics I** 2 s.h.
  Introduction to tooth pain, anesthesia, diagnosis and treatment of pulpal and periradicular pathology, endodontic emergencies, endodontic radiologic interpretation, diagnosis and treatment of dental traumatic injuries, bleaching, retreatment, and apexification/apexogenesis.
- **ENDO:8370 Clinical Endodontics II** 4 s.h.
  Tooth pain, anesthesia, diagnosis and treatment of pulpal and periradicular pathology, endodontic emergencies, endodontic radiologic interpretation, diagnosis and treatment of dental traumatic injuries, internal bleaching, retreatment, and apexification/apexogenesis.
