Endodontics Courses (ENDO)

ENDO Courses

This is a list of courses with the subject code ENDO. For more information, see Endodontics (College of Dentistry) in the catalog.

**ENDO:5201 Update in Endodontics**
0-1 s.h.
Recommended for second year certificate students.

**ENDO:5225 Endodontic Literature Review I**
0,2 s.h.
Current and historical research.

**ENDO:5226 Endodontic Literature Review II**
0,2 s.h.
Continuation of ENDO:5225.

**ENDO:5260 Current Literature in Endodontics**
0-1 s.h.
Current literature relevant to endodontics, including diagnosis or treatment of endodontic cases; dental journals with endodontic-related content; landmark research.

**ENDO:5700 Endodontic Surgery Conference**
0,2 s.h.
Attendance at Endodontic Surgery Conference.

**ENDO:5701 Advanced Clinical Endodontics**
0,3 s.h.
Advanced study.

**ENDO:5710 Research in Endodontics**
arr.

**ENDO:5720 Seminar in Endodontics I**
0,2 s.h.
First in a series of lectures in endodontics.

**ENDO:5721 Seminar in Endodontics II**
0,2 s.h.
Continuation of ENDO:5720.

**ENDO:6227 Endodontic Literature Review III**
0,2 s.h.
Continuation of ENDO:5226.

**ENDO:6228 Endodontic Literature Review IV**
0,2 s.h.
Continuation of ENDO:6227.

**ENDO:6701 Seminar in Endodontics III**
0,2 s.h.
Continuation of ENDO:5721.

**ENDO:6702 Seminar in Endodontics IV**
0,2 s.h.
Continuation of ENDO:6701.

**ENDO:8240 Endodontics Preclinical Didactic**
1 s.h.
Basic principles, concepts, technical procedures for treatment of pulpal problems.

**ENDO:8241 Endodontics Preclinical Laboratory**
1 s.h.
Basic technical procedures for treatment of pulpal problems.

**ENDO:8369 Clinical Endodontics I**
2 s.h.
Introduction to tooth pain, anesthesia, diagnosis and treatment of pulpal and periradicular pathology, endodontic emergencies, endodontic radiologic interpretation, diagnosis and treatment of dental traumatic injuries, bleaching, retreatment, and apexification/apexogenesis.

**ENDO:8370 Clinical Endodontics II**
4 s.h.
Tooth pain, anesthesia, diagnosis and treatment of pulpal and periradicular pathology, endodontic emergencies, endodontic radiologic interpretation, diagnosis and treatment of dental traumatic injuries, internal bleaching, retreatment, and apexification/apexogenesis.
