

Endodontics Courses (ENDO)

ENDO Courses

This is a list of courses with the subject code ENDO. For more information, see Endodontics (College of Dentistry) in the catalog.

ENDO:5201 Update in Endodontics **0-1 s.h.**

Recommended for second year certificate students.

ENDO:5225 Endodontic Literature Review I **0,2 s.h.**

Current and historical research.

ENDO:5226 Endodontic Literature Review II **0,2 s.h.**

Continuation of ENDO:5225.

ENDO:5260 Current Literature in Endodontics **0-1 s.h.**

Current literature relevant to endodontics, including diagnosis or treatment of endodontic cases; dental journals with endodontic-related content; landmark research.

ENDO:5700 Endodontic Surgery Conference **0,2 s.h.**

Attendance at Endodontic Surgery Conference.

ENDO:5701 Advanced Clinical Endodontics **0,3 s.h.**

Advanced study.

ENDO:5710 Research in Endodontics **arr.**

ENDO:5720 Seminar in Endodontics I **0,2 s.h.**

First in a series of lectures in endodontics.

ENDO:5721 Seminar in Endodontics II **0,2 s.h.**

Continuation of ENDO:5720.

ENDO:6227 Endodontic Literature Review III **0,2 s.h.**

Continuation of ENDO:5226.

ENDO:6228 Endodontic Literature Review IV **0,2 s.h.**

Continuation of ENDO:6227.

ENDO:6701 Seminar in Endodontics III **0,2 s.h.**

Continuation of ENDO:5721.

ENDO:6702 Seminar in Endodontics IV **0,2 s.h.**

Continuation of ENDO:6701.

ENDO:8240 Endodontics Preclinical Didactic **1 s.h.**

Basic principles, concepts, technical procedures for treatment of pulpal problems.

ENDO:8241 Endodontics Preclinical Laboratory **1 s.h.**

Basic technical procedures for treatment of pulpal problems.

ENDO:8369 Clinical Endodontics I **2 s.h.**

Introduction to tooth pain, anesthesia, diagnosis and treatment of pulpal and periradicular pathology, endodontic emergencies, endodontic radiologic interpretation, diagnosis and treatment of dental traumatic injuries, bleaching, retreatment, and apexification/apexogenesis.

ENDO:8370 Clinical Endodontics II **4 s.h.**

Tooth pain, anesthesia, diagnosis and treatment of pulpal and periradicular pathology, endodontic emergencies, endodontic radiologic interpretation, diagnosis and treatment of dental traumatic injuries, internal bleaching, retreatment, and apexification/apexogenesis.
