Orthopedics and Rehabilitation Courses (ORTH)

ORTH Courses
This is a list of courses with the subject code ORTH. For more information, see Orthopedics and Rehabilitation (Carver College of Medicine) in the catalog.

ORTH:8301 Clinical Orthopedics  
Arr.
ORTH:8401 Advanced Clinical Orthopedics  
2,4 s.h. Requirements: fourth-year MD enrollment.
ORTH:8402 Advanced Inpatient Subinternship in Orthopedics: Trauma  
4 s.h. Requirements: fourth-year MD enrollment.
ORTH:8403 Advanced Inpatient Subinternship in Orthopedics: Adult Hip/Knee Reconstruction  
4 s.h. Opportunity to enhance clinical skills by taking intern-level responsibility for management of a limited number of orthopedic patients; proficiency in perioperative patient assessment and management, including assisting in procedures and using laboratory diagnosis and radiologic studies pertinent to one faculty member's clinical practice.
ORTH:8404 Introduction to Physical Medicine and Rehabilitation  
2 s.h. Management of a wide range of common acute and chronic neuro-musculoskeletal pain conditions (shoulder, back, knee pain) to more devastating neuromuscular injuries (spinal cord injuries, brain injury, strokes, amputations). Requirements: MD enrollment.
ORTH:8405 Advanced Physical Medicine and Rehabilitation  
4 s.h. Management of a wide range of common acute and chronic neuro-musculoskeletal pain conditions (shoulder, back, or knee pain) to more devastating neuromuscular injuries (spinal cord injuries, brain injury, strokes, amputations); students work-up individual patients in outpatient clinics and perform inpatient consultations at subintern level. Prerequisites: ORTH:8404. Requirements: MD enrollment.
ORTH:8406 Physical Medicine and Rehabilitation Acute Inpatient Rehab, Cedar Rapids  
2 s.h. Physical medicine and rehabilitation clerkship; participation in daily clinical activities including inpatient rounds, interdisciplinary team meetings, observing a variety of therapy sessions, and inpatient consults.
ORTH:8407 Orthopedics: Adult Hip/Knee Reconstruction  
4 s.h. Development of in-depth skill in physical diagnosis and approach to diseases of the musculoskeletal system; increase ability to establish a differential list of problems to recommend appropriate solutions to each problem and assist in management of problem and solution.
ORTH:8408 Orthopedics: Trauma  
4 s.h. Development of in-depth skills in physical diagnosis and approach to diseases of the musculoskeletal system; increase ability to establish a differential list of problems to recommend appropriate solutions to each problem and assist in management of problem and solution.
ORTH:8409 Orthopedics: Pediatrics  
4 s.h. Development of in-depth skill in physical diagnosis and approach to diseases of the musculoskeletal system; increase ability to establish a differential list of problems to recommend appropriate solutions to each problem and assist in management of problem and solution.
ORTH:8410 Orthopedics: Sports Medicine  
4 s.h. Development of in-depth skill in physical diagnosis and approach to diseases of the musculoskeletal system; increase ability to establish a differential list of problems to recommend appropriate solutions to each problem and assist in management of problem and solution.
ORTH:8411 Orthopedics: Hand/Wrist/Elbow  
4 s.h. Development of in-depth skill in physical diagnosis and approach to diseases of the musculoskeletal system; increase ability to establish a differential list of problems to recommend appropriate solutions to each problem and assist in management of problem and solution.
ORTH:8412 Orthopedics: Spine  
4 s.h. Development of in-depth skill in physical diagnosis and approach to diseases of the musculoskeletal system; increase ability to establish a differential list of problems to recommend appropriate solutions to each problem and assist in management of problem and solution.
ORTH:8413 Orthopedics: Oncology/Tumor  
4 s.h. Development of in-depth skill in physical diagnosis and approach to diseases of the musculoskeletal system; increase ability to establish a differential list of problems to recommend appropriate solutions to each problem and assist in management of problem and solution.
ORTH:8414 Orthopedics: Veterans Affairs  
4 s.h. Participation in the Veterans Affairs service general orthopedics; development of in-depth skill in physical diagnosis and approach to diseases of the musculoskeletal system; increase ability to establish a differential list of problems to recommend appropriate solutions to each problem and assist in management of problem and solution.
ORTH:8415 Orthopedics: Foot/Ankle  
4 s.h. Development of in-depth skill in physical diagnosis and approach to diseases of the musculoskeletal system; increase ability to establish a differential list of problems to recommend appropriate solutions to each problem and assist in management of problem and solution.
ORTH:8416 Physical Medicine and Rehabilitation Acute Inpatient Rehab, Iowa Rehabilitation Hospital  
2 s.h. Physical medicine and rehabilitation clerkship; participation in daily clinical activities including inpatient rounds, interdisciplinary team meetings, observation of a variety of therapy sessions, and inpatient consults.
ORTH:8417 Orthopedics: Shoulder/Elbow  
4 s.h. Development of in-depth skill in physical diagnosis and approach to diseases of the musculoskeletal system; increase ability to establish a differential list of problems to recommend appropriate solutions to each problem and assist in management of problem and solution.
ORTH:8497 Research in Orthopedics  
Arr. Medical research, clinical or laboratory projects; individual study.
ORTH:8498 Orthopedics On Campus  
Arr. Requirements: fourth-year MD enrollment.
ORTH:8499 Orthopedics Off Campus  
Arr. Requirements: fourth-year MD enrollment.
