SLIS:5044 School Library Media Administration  
Design of K-12 library programs including major functions of teaching and learning, information access, and leadership and program administration. Prerequisites: SLIS:5010. Corequisites: SLIS:5010, if not taken as a prerequisite.

SLIS:5200 User Education: Multimedia  
Development of multimedia projects for educational use in libraries; students develop a portfolio of projects using multimedia technology; applications of multimedia for teaching and learning; exploration and evaluation of platforms for delivering multimedia in educational environments. Same as IGPI:5203.

SLIS:5220 Resources for Children  
Evaluation and use of books, magazines, electronic media, and other sources of information and recreation in relation to youth development.

SLIS:5230 Resources for Young Adults  
Topics related to populations served by youth services departments (e.g., societal issues, informational needs); seminar.

SLIS:5240 Resources for Adults  
Role of public libraries in meeting adults' informational and recreational needs; popular culture materials, reader's advisory services, lifelong learning.

SLIS:5520 Studies in Book History and Technologies  
Topics related to production, distribution, and consumption of books through history and into the future. Same as UICB:5520.

SLIS:5530 Topics in Preservation  
Care, conservation, and preservation of cultural heritage artifacts; readings, discussion, hands-on sessions. Same as UICB:5530.

SLIS:5535 Book Conservation  
Practical methods, materials assessment, conservation history and evolution. Prerequisites: UICB:4270. Same as UICB:5220.

SLIS:5600 Reading Culture and Research in Print and Digital Media  
Cultural nature of reading practices in historic and contemporary contexts; print and digital culture; reading communities; examples of recent scholarship; use of primary resources; seminar. Same as UICB:5600.

SLIS:5630 Introduction to Special Collections Librarianship  
Introduction to history of collecting in special collections and key areas of praxis (e.g., appraisal, arrangement and description, preservation, reference and access, outreach).

SLIS:5700 Cultural Heritage  
Increased use of digital technologies in collection, organization, dissemination, and use of heritage resources that generate intellectual, social, technological, legal, and ethical challenges to—and opportunities for—the heritage practice; exploration of challenges and opportunities, as well as their impact on the heritage profession; students become familiar with key heritage-related concepts and topics, apply them to a concrete project, and write a report of their findings.

SLIS:5900 Health Informatics  
Technological tools that support health care administration, management, and decision making. Same as HMP:5370, IGPI:5200, ISE:5860, MED:5300.
SLIS:6950 Health Information and Communication
Fundamentals of medical librarianship, including how to engage with consumers and practitioners in need of health information; overview of health information resources and seeking skills; how to interact with users in need of health information; basic skills requisite to medical librarianship; community engagement, understanding health literacy, interacting with diverse user populations, and ethical considerations central to health information.

SLIS:6020 Literacy and Learning
Learning and literacy theory relevant to work in information services; how librarians can help people process information and use it to form understanding and create new knowledge. Prerequisites: SLIS:5010.

SLIS:6100 Database Management
Principles and practices of database design and management; discussion and practice of database application lifecycle, data modeling, relational database design, SQL queries, reports, and other interfaces to database data and documentation; individual and group projects. Prerequisites: SLIS:5020. Same as IGPI:6100.

SLIS:6110 Evidence-Based Practice in Library and Information Science
Structured approach to improved libraries through decision making that supports collection, interpretation, and evaluation of data; assessment of the effectiveness of library programs and services.

SLIS:6115 Information and Inquiry
Expert skills in seeking and evaluating information that responds to patron needs, supplemented by trajectory of and contemporary practices for library reference work, including tools that support library users’ inquiries and information seeking.

SLIS:6120 Natural Language Processing
Tools and techniques for computational processing of text including lexical analysis, part-of-speech tagging, named entity recognition, relationship extraction, topic detection and tracking, sentiment analysis, and question answering; example corpora and applications drawn from multiple disciplines including biomedicine, digital humanities, and social science. Prerequisites: SLIS:5020. Same as IGPI:6110.

SLIS:6130 Community Engagement
Ways in which information professionals in libraries and other settings learn about, collaborate with, and provide services and outreach to community members; introduction and overview of community engagement theory and practice; service learning or community-based research projects. Prerequisites: SLIS:5020. Same as IGPI:6130.

SLIS:6140 Digital Environments
Methods and models for building digital libraries; organization with metadata; standards such as those for object identifiers, open access, building cross-linkages between collections; automatic harvesting of content. Prerequisites: SLIS:5020. Same as IGPI:6140.

SLIS:6145 Digital Preservation and Stewardship
Introduction to concepts and theories related to preservation and continued stewardship of born-digital and digitized materials; taught from an archival perspective; focus on current methods of collection, maintenance, and access for digital collections in libraries, archives, and museums.

SLIS:6150 Information Behavior
Understanding how information users approach their information needs; concepts for understanding information use; analysis of user communities.

SLIS:6155 Information Visualization
Introduction to theories, techniques, and examples of information visualizations for different presentations of data. Prerequisites: SLIS:5020. Same as IGPI:6155.

SLIS:6170 Management, Teams, and Leadership
Survey of management issues common to all information environments: understanding organizations, decision making, hiring and personnel, grant writing, and marketing.

SLIS:6250 Beginning Cataloging and Classification
Principles for creating, building, and maintaining digital and print collections in libraries and other information organizations. Prerequisites: SLIS:5010 and SLIS:5030. Co-requisites: SLIS:5005, if not taken as a prerequisite. Requirements: admission to library and information science program.

SLIS:6255 Beginning Rare Books Cataloging
Concepts and application of descriptive cataloging of rare materials (books); rare books and how their special features shape cataloging; format includes lecture and discussion, in-class and hands-on (if available) cataloging of rare books, and possible visits to the UI Center for the Book, the John Martin Rare Book Room, and UI Libraries Special Collections; students gain confidence and critical skills to start cataloging rare, special, and unusual books encountered in the workplace.

SLIS:6330 Collection Development
Collecting as a core library activity; various types of media collected from traditional print media to new digital media; how collections are structured and managed to provide for selection, organization, and access. Prerequisites: SLIS:5010 and SLIS:5030.

SLIS:6335 Metadata Theories and Applications

SLIS:6345 Stewardship of Information and Collections
Principles for creating, building, and maintaining digital and print collections in libraries and other information organizations. Prerequisites: SLIS:5010. Corequisites: SLIS:5010, if not taken as a prerequisite. Requirements: admission to library and information science program.

SLIS:6350 Archives: Theory and Practice
Exploration of the history of archival thought and conceptualizations of “the archives”—how archives are formed, methods by which records are selected and described, and ways in which archival records are used to construct histories; students explore how value is assigned to records through archival appraisal, how archivists prepare collections for access, and how these materials are represented in archival finding aids and other discovery tools; practice-based assignments provide opportunities for students to engage with local archival collections. Prerequisites: SLIS:5010 and SLIS:5030.
SLIS:6355 Public Services for Special Collections and Archives 3 s.h.
Focused examination of core services in special collections and archives including reference, instruction, and outreach; reading room services and policies; research strategies and tools for answering reference questions; best practices for in-person and virtual teaching with primary sources; community outreach, events, exhibitions, and social media. Prerequisites: SLIS:5630 or SLIS:6350. Corequisites: SLIS:5630 or SLIS:6350, if not taken as a prerequisite.

SLIS:6370 Topics in Book Studies 3 s.h.
Topics relevant to book studies and special collections. Same as UICB:6370.

SLIS:6380 Analysis of Scholarly Domains 3 s.h.
Information transfer in academic disciplines; scientific method, other means of knowledge construction, and resulting literatures; reference tools used to control literature for a variety of audiences; emphasis on humanities, social sciences, or sciences. Same as IGPI:6380.

SLIS:6411 Topics in Library and Information Science 1-3 s.h.
Current topics in the field of library and information science.

SLIS:6490 Information Policy and Ethics 3 s.h.
Ethical and legal issues as they relate to information policy development and interpretation; application of information policies to address problems in information organizations. Same as IGPI:6490.

SLIS:6520 Practicum in Libraries and Information Centers 3 s.h.
Supervised field experience in selected libraries and information centers; emphasis on application of theory to practice; at least 120 hours of fieldwork. Requirements: 15 s.h. of SLIS coursework.

SLIS:6521 Distance and Online Education: Practicum in Library and Information Centers 3 s.h.
Supervised field experience in selected libraries and information centers; emphasis on application of theory to practice; at least 120 hours of fieldwork. Prerequisites: SLIS:5010 and SLIS:5020 and SLIS:5030 and (SLIS:6110 or SLIS:6170) and SLIS:6115. Requirements: minimum of 15 s.h. of SLIS coursework.

SLIS:6530 School Library Media Practicum 3 s.h.
Supervised field experience in library media centers at elementary and secondary school levels; emphasis on application of theory to practice; at least 40 hours of fieldwork; seminar meetings. Prerequisites: SLIS:5044.

SLIS:6570 Independent Study 1-3 s.h.
Formal contract between student and faculty member. Requirements: formal proposal.

SLIS:6571 Distance and Online Education: Independent Study 1-3 s.h.
Formal contract between student and faculty member; opportunity to pursue in-depth research in a particular area of interest that does not duplicate an existing course in the curriculum; students meet with faculty member to design a plan of study and submit a bibliography and description of the final project. Requirements: formal proposal.

SLIS:6580 Thesis 0-6 s.h.

SLIS:6590 Digital Humanities Capstone arr.
Application and practice of classroom experience to a specific project under guidance from a faculty member and project team leader. Prerequisites: CLAS:7290 or SLIS:7290. Requirements: admission to public digital humanities certificate program, an approved certificate plan of study on file, completion of 12 s.h. of approved coursework, and good standing in all required certificate coursework. Same as GRAD:6590.

SLIS:7290 Digital Humanities Theory and Practice 3 s.h.
Overview of theories and use of technology to preserve, deploy, visualize, map, and analyze concepts; discussions with practicing digital public scholars; assignments consist of a digital portfolio tailored to student research; introductory course in public digital humanities certificate. Same as CLAS:7290.
