

Oral and Maxillofacial Pathology, Professional Certificate

Admission

Applicants must have successfully completed an accredited program leading to the DDS or DMD, or an international equivalent, and must meet the admission requirements of the Graduate College. They must have a cumulative grade-point average of at least 3.00 (or international equivalent) to be considered for admission.

The department's faculty makes final decisions on the acceptance of applicants who meet the requirements for admission. A personal interview is required.
