Prosthodontics

Head

Seok Hwan "Aaron" Cho

Professional certificate: prosthodontics

Faculty: https://dentistry.uiowa.edu/directory/?cohort=511028

Website: https://dentistry.uiowa.edu/departments/prosthodontics

Facilities

Most didactic, clinical, and laboratory instruction and patient treatment takes place in the Department of Prosthodontics, which is located in the Dental Science Building. The building also houses the Doctor of Dental Surgery (DDS) program, training programs in specialties recognized by the American Dental Association, and the Iowa Institute for Oral Health Research.

The college and the department provide supporting technologies that include cone beam CT radiography, implant imaging software, laboratory CAD/CAM (computer-aided design/computer-aided manufacturing) systems, and dental lasers.

Advanced prosthodontic students spend time at University of Iowa Health Care, where they work closely with medical professionals in other disciplines to treat medically compromised prosthodontic patients and those who require maxillofacial rehabilitation.
