Counselor Education

Chair

• Noel Estrada-Hernandez

Undergraduate minor: human relations

Graduate degrees: MA in counselor education; PhD in counselor education

Faculty: https://education.uiowa.edu/directory

Website: https://education.uiowa.edu/about/administration/department-counselor-education

Application

Prospective students must meet admission requirements for the individual programs as well as the department's general admission requirements. Criminal background checks may be required.

Applicants to any of the department's degree programs must satisfy the following admission requirements. Applicants also must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

Applicants must submit the following:

• a completed graduate application form;
• copies of official transcripts of all previous undergraduate and graduate college work;
• official report of Graduate Record Exam (GRE) General Test verbal and quantitative scores;
• a statement of an applicant's reasons for seeking an advanced degree in the department, including a statement of personal career objectives; and
• three current letters of recommendation from persons qualified to assess the applicant's prospects for completing the MA or PhD and to assess the applicant's commitment to the profession.

The department may request a personal or telephone interview.

The following admission standards are considered for individual program admission decisions.

• MA applicants should have an undergraduate grade-point average (GPA) of at least 3.00.
• PhD applicants should have a graduate GPA of at least 3.00; those who have not been granted a graduate degree should have an undergraduate GPA of at least 3.00.
• International applicants must score at least 80 (internet-based) on the Test of English as a Foreign Language (TOEFL). The department may require applicants with lower TOEFL scores to complete University of Iowa coursework in English language fluency. TOEFL scores must be submitted with the application for admission.
• Typically, doctoral students are not admitted unless they have completed a master's degree in counseling or a related field. Relevant work experiences are important. Students who are accepted without a related master's degree must complete core master's-level coursework before taking advanced PhD courses. Required remedial courses and experiences are determined in consultation with the advisor and are included in a student's curriculum plan.

The criteria listed above are minimum standards for admission. Final admission decisions are made by faculty committees. Some of the department's programs have additional admission requirements; see the descriptions of the individual programs.
