

Psychological and Quantitative Foundations, Ed.S.

Requirements

The educational specialist (Ed.S.) program in psychological and quantitative foundations with a school psychology subprogram requires a minimum of 64 s.h. of graduate credit. Students are expected to maintain a cumulative g.p.a. of at least 3.00.

The program provides coursework and supervised field experience in education and psychology. The Ed.S. degree is an option for current students in the Ph.D. in psychological and quantitative foundations with a school psychology subprogram.

The curriculum includes courses in psychological foundations, psychoeducational foundations, school psychology, and research methods. Other requirements include a practicum, a written portfolio, and a project paper prepared in conjunction with PSQF:7342 Research Project in School Psychology.

The Ed.S. in psychological and quantitative foundations includes the following coursework.

Code	Title	Hours
All of these (or equivalents):
