

Art Education, BA

Requirements

The Bachelor of Arts with a major in art education requires a minimum of 120 s.h., including the general education requirements for the degree, a minimum of 48 s.h. in art professional education courses, and a minimum of 33 s.h. in art education content courses. The general education requirements to earn a Bachelor of Arts degree from the College of Education are the GE CLAS Core of the College of Liberal Arts and Sciences (CLAS). The major requires admission to the Teacher Education Program (TEP) and students must maintain TEP academic and professional standards.

Students must earn a BA in art or a BFA in art in the School of Art, Art History, and Design at the University of Iowa in order to earn the BA in art education; both degrees may be earned at the same time. Graduates who have earned one of these degrees at another institution and wish to earn the BA in art education should consult the Department of Teaching and Learning; additional coursework may be required.

The art major provides a foundation in art history as well as an understanding of the formal traditions and contemporary practices in studio art. Students take courses in the school's studio art programs, including ceramics, graphic design, 3D design, drawing, intermedia, jewelry and metal arts, painting, photography, printmaking, and sculpture. Students also complete coursework in teacher licensure including student teaching.

For initial licensure, student teaching must be an all-day, full-semester experience. Most students are placed in a district within a 60-mile radius of Iowa City. Placements outside this area require special approval and are considered on an individual basis. Special site programs provide experience in districts with diverse populations and students also may apply to student teach at international sites for the second half of the semester.

Additional information about options for student teaching and application procedures is available from the Office of Student Services. Applications for student teaching must be submitted during the calendar year before the student teaching semester. The deadline for students planning to student teach the following fall semester is Nov. 15 and April 15 for the following spring semester.

Programs designed to lead to professional licensure are subject to federal regulations regarding informational disclosures. Please see Professional Licensure Disclosures by Program for further information.
