English Education, BA

Requirements

The Bachelor of Arts with a major in English education requires a minimum of 120 s.h., including the general education requirements for the degree, a minimum of 41 s.h. in English professional education courses, and a minimum of 30 s.h. in English education content courses. The general education requirements to earn a bachelor of arts degree from the College of Education are the GE CLAS Core of the College of Liberal Arts and Sciences. The major requires admission to the Teacher Education Program (TEP) and students must maintain TEP academic and professional standards. Application information can be obtained through the Office of Student Services.

Students must earn a BA in English or a BA in English and creative writing at the University of Iowa in order to earn the BA in English education; both degrees may be earned at the same time. Graduates who have earned one of these degrees at another institution and wish to earn the BA in English education should consult the Department of Teaching and Learning; additional coursework may be required.

The Department of English offers courses in literature, cultural studies, language, and critical and creative writing. In these courses, students read poetry, fiction, essays, criticism, and theory to acquire methods for understanding literature and culture and respond creatively to the texts. In addition to providing these essential elements of a liberal arts and sciences education, the department's courses can augment students' specialized interests in other fields. Students also complete coursework in teacher licensure including student teaching.

For initial licensure, student teaching must be an all-day, full-semester experience. Most students are placed in a district within a 60-mile radius of Iowa City. Placements outside this area require special approval and are considered on an individual basis.

Additional information about options for student teaching and application procedures is available from the Office of Student Services. Applications for student teaching must be submitted during the calendar year before the student teaching semester. The deadline for students planning to student teach the following fall semester is Nov. 15 and April 15 for the following spring semester.
