Mathematics Education, BA

# Mathematics Education, BA

#### Requirements

The Bachelor of Arts with a major in mathematics education requires a minimum of 120 s.h., including the general education requirements for the degree, 46 s.h. in mathematics professional education courses, and a minimum of 41–42 s.h. in mathematics education content courses for students earning the BA in mathematics or a minimum of 47–50 s.h. in mathematics education content courses for students earning the BS in mathematics. General education requirements to earn a bachelor of arts degree from the College of Education are the GE CLAS Core of the College of Liberal Arts and Sciences (CLAS). The major requires admission to the Teacher Education Program (TEP), and students must maintain TEP academic and professional standards. Application information can be obtained through the Office of Student Services.

Students must earn a BA in mathematics (Program B) or a BS in mathematics (Program B) at the University of Iowa in order to earn the BA in mathematics education; both degrees may be earned at the same time. Graduates who have earned one of these degrees at another institution and wish to earn the BA in mathematics education should consult the Department of Teaching and Learning; additional coursework may be required. Students also complete coursework in teacher licensure including student teaching.

For initial licensure, student teaching must be an all-day, full-semester experience. Most students are placed in a district within a 60-mile radius of lowa City. Placements outside this area require special approval and are considered on an individual basis. Special site programs provide experience in districts with diverse populations and students may also apply to student teach at international sites for the second half of the semester.

Additional information about options for student teaching and application procedures is available from the Office of Student Services. Applications for student teaching must be submitted during the calendar year before the student teaching semester. The deadline for students planning to student teach the following fall semester is Nov. 15 and April 15 for the following spring semester.

Programs designed to lead to professional licensure are subject to federal regulations regarding informational disclosures. Please see Professional Licensure Disclosures by Program for further information.

The BA with a major in mathematics education requires the following work.

## **Professional Education Course Requirements**

Students complete 46 s.h. from the following.

#### **Foundation Courses**

Foundation courses may be completed before or after admission to the major.

Course #	Title	Hours
All of these:		
EDTL:4900	Foundations of Special Education	3
EPLS:3000	Foundations of Education	3
PSQF:1075	Educational Psychology and Measurement	3

#### **Additional Licensure Courses**

Course #	Title	Hours
All of these:		
EDTL:3002	Teaching and Learning Technologies	2
EDTL:3091	Secondary Education Program Orientation and Classroom Management	3
EDTL:3095	Teaching Reading in Secondary Content Areas	1
EDTL:3532	Introduction and Practicum: Mathematics	3
EDTL:3534	Methods: Middle School Mathematics	3
EDTL:4535	Methods: High School Mathematics	3
EDTL:4750	Assessment in Science, Technology, Engineering, and Mathematics (STEM)	2
EDTL:4751	Learning in the Science, Technology, Engineering, and Mathematics (STEM) Classroom	2
EPLS:4180	Human Relations for the Classroom Teacher	3

#### **Student Teaching**

Transfer students should consult their advisor since they must complete certain courses before they student teach.

Course #	Title	Hours
All of these:		
EDTL:4087	Seminar: Curriculum and Student Teaching	3
EDTL:4091	Observation and Laboratory Practice in the Secondary School	6
EDTL:4092	Observation and Laboratory Practice in the Secondary School	6

### Mathematics Education Content Courses

Students earning a BA in mathematics complete at least 41–42 s.h. from the following; students earning a BS in mathematics complete at least 47–50 s.h. from the following.

Course #	Title	Hours
All of these:		
CS:1210	Computer Science I: Fundamentals	4
MATH:1850	Calculus I	4
MATH:1860	Calculus II	4
MATH:2150	Foundations of Geometry	3

	MATH:2700	Introduction to Linear Algebra	4
	MATH:2850	Calculus III	4
	MATH:3720	Introduction to Abstract Algebra	4
	MATH:3770	Foundations of Analysis	4
	STAT:3120	Probability and Statistics	4
	One of these:		
	MATH:4050	Introduction to Discrete Mathematics	3
	MATH:4060	Discrete Mathematical Models	3
	And:		
	For students earning a BA in mathematics, one additional course beyond calculus		3-4
	additional courses b	g a BS in mathematics, three eyond calculus, including numbered MATH:4120 or	9-12

#### **Endorsements**

The mathematics education TEP is approved by the state of lowa as preparation for teaching licensure with endorsement for grades 5–12 mathematics. Added endorsement programs for additional teaching areas are available.

### Teacher Education Program Academic and Professional Standards

State of lowa teacher preparation standards require that teacher candidates demonstrate the content, pedagogical, and professional knowledge, skills, and dispositions necessary to help all students learn. Because of this, the College of Education and the Teacher Education Program have established academic and professional standards that students must maintain. For undergraduate teacher candidates and Bachelor of Arts candidates in mathematics education, these standards include the following.

- University of lowa cumulative GPA and overall cumulative GPA, based on total hours earned
  - 0-29 overall earned semester hours: minimum of 1.85 (2.70 for good standing)
  - 30 or more overall earned semester hours: minimum of 2.00 (2.70 for good standing)
  - Non-degree students: minimum of 2.00 (2.70 for good standing)
- TEP major GPA (overall cumulative): minimum of 2.00 (2.70 for good standing)
- University of lowa term GPA: minimum of 1.50 during fall or spring enrollment
- A grade of C-minus or higher in TEP major courses
- No notices of concern in professional dispositional qualities
- Academic good standing in the College of Liberal Arts and Sciences
- Major GPA in the TEP CLAS content major: minimum of 2.00
- UI major GPA in the TEP CLAS content major: minimum of

For additional information about these standards, contact the Office of Student Services.

#### **Liberal Arts Core**

State of lowa teacher preparation standards require a core of liberal arts knowledge including but not limited to English composition, mathematics, natural sciences, social sciences, and humanities. The GE CLAS Core together with the mathematics education content courses satisfy these requirements. For additional information about these standards, contact the Office of Student Services.
