General education requirements to earn a bachelor of arts degree from the College of Education are the GE CLAS Core of the College of Liberal Arts and Sciences (CLAS). The major requires admission to the Teacher Education Program (TEP), and students must maintain TEP academic and professional standards. Application information can be obtained through the Office of Student Services.

Students must earn one of these majors at the University of Iowa in order to earn the BA in social studies education: a BA in anthropology, a BS in anthropology, a BA in economics, a BS in economics, a BA in geography, a BS in geography, a BA in history, a BA in political science, a BS in political science, a BA in psychology, a BS in psychology, or a BA in sociology; both degrees may be earned at the same time. Graduates who have earned one of these degrees at another institution and wish to earn the BA in social studies education should consult the Department of Teaching and Learning; additional coursework may be required.

For initial licensure, student teaching must be an all-day, full-semester experience. Most students are placed in a district within a 60-mile radius of Iowa City. Placements outside this area require special approval and are considered on an individual basis. Special site programs provide experience in districts with diverse populations and students also may apply to student teach at international sites for the second half of the semester.

Additional information about options for student teaching and application procedures is available from the Office of Student Services. Applications for student teaching must be submitted during the calendar year before the student teaching semester. The deadline for students planning to student teach the following fall semester is Nov. 15 and April 15 for the following spring semester.
