

Sustainable Water Development

Chair, Department of Civil and Environmental Engineering

A. Allen Bradley Jr.

Graduate certificate: sustainable water development

Website: <https://engineering.uiowa.edu/cee>

The Certificate in Sustainable Water Development trains science, technology, engineering, and mathematics (STEM) graduate students to address future challenges of water scarcity and variability while also meeting the food and energy demands of Earth's growing population. The certificate leverages a unique learning environment focused on water sustainability that extends beyond any one discipline, department, or college.

The Certificate in Sustainable Water Development is administered by the Department of Civil and Environmental Engineering.
