Applied Mathematical and Computational Sciences

Chair

Laurent O. Jay (Mathematics)

Graduate degree: PhD in applied mathematical and computational sciences

Faculty: https://amcs.uiowa.edu/faculty-research

Website: https://amcs.uiowa.edu/

Applied mathematical scientists consider problems in science and engineering formulated in mathematical terms. They solve those problems using analytical techniques, numerical methods, and computational tools. They discuss, interpret, and evaluate the results. They explore various areas of mathematical application and develop new models and methods when needed.
