Book Arts, M.F.A.

The M.F.A. degree focuses on book arts as a hands-on practice, as a creative medium, and as a historical and cultural phenomenon. Its principal objectives are to provide aesthetic and scholarly contexts for the making of creative work and for the study of book history, arts, and technologies. It also offers a structured program in book-related disciplines for graduate students interested in studio arts, in librarianship, and in literary and cultural history.
