

Genetics

Chair

Lori L. Wallrath (Biochemistry and Molecular Biology)

Graduate degree: PhD in genetics

Faculty: <https://genetics.grad.uiowa.edu/people/faculty>

Website: <https://genetics.grad.uiowa.edu>

Prospective doctoral students in genetics should have a strong undergraduate background in science, including courses in general genetics, organic chemistry, biochemistry and molecular biology, introductory physics, and mathematics, as well as a strong commitment to genetic research and teaching. Students are able to make up deficiencies in a particular area during their first year of graduate study.
