a Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.

b The two fields of concentration may be defined to correspond with a student's strongest intellectual interests, but they must be interdisciplinary in concept and multidisciplinary in scope. Each must include coursework from more than one department and program. The two concentration areas may, and usually should, have an intellectual relationship with each other.

c Take twice in consecutive years.

d Work with faculty advisor to determine appropriate graduate seminars.

e Complete at least 18 s.h. in a first field of concentration; work with faculty advisor to determine appropriate graduate coursework in an interdisciplinary field with a historical concentration.

f Complete at least 18 s.h. in a second field of concentration; work with faculty advisor to determine appropriate graduate coursework in an interdisciplinary field.

g Consists of three written and one oral exam.

h Take two or three times (2-3 s.h. total).

i Work with faculty advisor to determine appropriate graduate elective coursework; includes AMST:7090.

j Dissertation defense.
