

Art, MFA

Learning Outcomes

Students will:

- demonstrate proficiency in critical thinking and conceptual problem solving within the particular focus and practice of their field;
- demonstrate a personal vocabulary, approach, and vision in creative work;
- demonstrate knowledge of historical, social, and cultural perspectives in relation to visual art and design;
- demonstrate technical proficiency in relation to the tools, techniques, and materials used in their field; and
- develop a professional package that includes a curriculum vitae/résumé, statement about their work, images of their work, and prepare materials (i.e., teaching and research statement, online portfolio, etc.) for specific careers as a professional emerging artist/designer or in teaching, art, or design-related positions.
