

Art, BA

Learning Outcomes

Students will:

- acquire breadth of knowledge about the field of art history through coursework in a diversity of areas;
- learn that art embodies historical, cultural, social, and political factors within a diverse range of national, international, and global cultures;
- acquire critical skills in visual analysis and research; and
- develop skills in oral and written communication.

Requirements

The Bachelor of Arts with a major in art requires a minimum of 120 s.h., including at least 39 s.h. of work for the major. Students must maintain a grade-point average of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences GE CLAS Core.

The major provides a foundation in art history as well as an understanding of the formal traditions and contemporary practices in studio art. Students take courses in the school's studio art programs, including animation, ceramics, graphic design, three-dimensional (3D) design, drawing, intermedia, jewelry and metal arts, painting, photography, printmaking, and sculpture.

Students may count a maximum of 56 s.h. earned in art and art history courses toward the degree; they must earn at least 64 s.h. of credit in courses outside the School of Art and Art History in order to graduate.

BA students who are graduating with a double major in the school (e.g., a major in art and a major in art history) or a major and a minor in the school (e.g., a major in art and a minor in art history) may apply more than 56 s.h. from the School of Art and Art History toward their degree, but they must earn at least 56 s.h. of credit in courses outside the School of Art and Art History in order to graduate.

Students majoring in art begin their study in the Bachelor of Arts program. Those interested in pursuing concentrated work in a specific studio art discipline may apply for admission to the Bachelor of Fine Arts program through a process called "clearance," in which the faculty evaluates a student's readiness for BFA study. Clearance usually takes place during the third year, but it may be conducted earlier or later, depending on the student's readiness.

For more information about teaching art in elementary and/or secondary schools, see "Teacher Licensure" below.

The BA with a major in art requires the following coursework. Not all courses are offered every semester, including required courses. When planning coursework, students should consult their advisors and MyUI to determine when specific courses will be offered.

Required Electives

School of Art and Art History elective courses must bring the total credit for the major in art to a minimum of 39 s.h.

Transfer Students

Transfer students should contact the undergraduate academic advisors for information about transfer portfolio review and specific coursework that satisfies the requirements for the major in art. Students may count a maximum of 12 s.h. of approved transfer credit toward their major.

Study Abroad

Students who wish to study abroad must meet with the undergraduate advisor before they depart in order to confirm approval of the courses they plan to take.

Students who take studio art courses abroad must bring their artwork back to campus and must present it in a portfolio review, which determines whether the work satisfies a requirement for their major. The portfolio review is not required if the study abroad course was taught by a School of Art and Art History faculty member who gave the student a grade for the course.

Students who plan to take art history courses abroad must present the course syllabus to their advisor well in advance of their departure. The head of the art history program determines whether the study abroad course is equivalent to a course required for the major; if it is, the student is credited with fulfilling the requirement once the course is completed with a passing grade.

Teacher Licensure

Students interested in teaching in elementary and/or secondary schools should seek admission to the Teacher Education Program (TEP) in the College of Education.

To qualify for licensure in secondary teaching, students in the TEP complete a degree in education as well as a related College of Liberal Arts and Sciences degree. See Apply on the College of Education website for details on requirements and deadlines for applying to the College of Education and about TEP choices of majors leading to licensure.

The BA in art education is offered by the Department of Teaching and Learning, and the degree is awarded by the College of Education. In order to earn the BA in art education, students also must complete the BA in art. For

more information, contact the College of Education Academic Advising Office.

Honors

Honors in the Major

Students have the opportunity to graduate with honors in the major. Honors students must maintain a cumulative University of Iowa grade-point average (GPA) of at least 3.33 and a GPA of at least 3.50 in their major. They should meet with their academic advisor at the start of their final semester to complete the steps needed to graduate with honors in the major.

Students must complete a studio art research project during the semester in which they plan to graduate. They must select a studio art faculty member willing to supervise their honors project, display the completed project in a show, complete an abstract, and upload a JPEG image of their project. They earn credit for the project by enrolling in ARTS:4190 Honors in Studio Art.

University of Iowa Honors Program

In addition to honors in the major, students have a variety of opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university's honors program.

Membership in the UI Honors Program is not required to earn honors in the art major.

Career Advancement

Many graduates pursue careers that match their degree specializations, for example, commercial or graphic designer, conservation or museum curator or administrator, art educator, public artist, or community art center coordinator or instructor. Others go on to graduate study in areas such as art history, art therapy, architecture, design, medical illustration, studio art, or disciplines outside of art.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

Academic Plans

Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.

Before the fifth semester begins: at least four courses in the major.

Before the seventh semester begins: at least four more courses in the major (total of eight) and at least 90 s.h. earned toward the degree.

Before the eighth semester begins: at least three more courses in the major (total of 11).

During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.
