Chemistry, M.S.

Requirements

The Master of Science program in chemistry requires a minimum of 30 s.h. of graduate credit. The degree is offered with or without thesis. M.S. requirements include proficiency examinations and core courses as necessary in biochemistry; analytical, inorganic, organic, and/or physical chemistry; and additional advanced coursework. Students must have a cumulative g.p.a. of at least 2.75 or higher to complete the M.S. degree.
