

# Ancient Civilization, BA

The Bachelor of Arts in ancient civilization is a flexible program that allows students to study ancient Greece, Rome, the Near East, and Egypt from 3000 B.C.E. to 800 C.E. Ancient civilization majors work primarily in the English language, with their studies distributed among the areas of literature, history, religion, philosophy, art, and archaeology.

## Learning Outcomes

Students are expected to demonstrate:

- knowledge of major literary works and written sources from the ancient Mediterranean world (either in translation or their original language);
- familiarity with the physical world (both public and private) in which ancient Mediterranean people lived through the study of their art and archaeology;
- appreciation of the religious and ethical mindset of ancient peoples through a broad understanding of mythology, religion, and philosophy; and
- understanding of the impact that the political, intellectual, and social environments of the people from the ancient Mediterranean have on modern cultures.

## Requirements

The Bachelor of Arts with a major in ancient civilization requires a minimum of 120 s.h., including at least 30 s.h. of work for the major. Students must maintain a grade-point average of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences GE CLAS Core.

The major concentrates on the ancient civilization of the Mediterranean world and draws on courses offered by various university departments. This is a flexible major that allows students to concentrate their study in areas such as religion, history, archaeology, Egypt, or the Near East.

The major is sponsored by the School of Art and Art History and the departments of Classics, History, and Religious Studies (College of Liberal Arts and Sciences).

Students choose courses in consultation with their advisors. They must earn at least 9 s.h. in advanced courses, which may include classics in English courses numbered 3000 or above, Greek language courses numbered 2000 or above, and Latin language courses numbered 2000 and above. Transfer credit is evaluated individually.

In addition to completing required coursework, students maintain a required portfolio detailing their progress toward the major, which they must complete before graduation; see "Major Portfolio" below.

A maximum of 9 s.h. of coursework used to satisfy requirements for the BA in classical languages may be applied toward this major. A maximum of 3 s.h. of coursework used to satisfy requirements for another minor in the Department of Classics (classical languages, Latin, and/or Greek) may be applied toward this major.

Students majoring only in ancient civilization may count a maximum of 56 s.h. earned in classics courses toward the degree. BA students who are graduating with a double

major in the department (ancient civilization and classical languages) may apply more than 56 s.h. from the Department of Classics toward their degree, but they must earn at least 56 s.h. of credit in courses outside the Department of Classics in order to graduate.

A course used to satisfy a requirement in one area cannot be used to satisfy a requirement in another area.

The BA with a major in ancient civilization requires the following coursework.

## Major Portfolio

To comply with the Iowa Board of Regents policy on student outcomes assessment, the Department of Classics has established a method to assess the achievement level of students completing one of the department's majors. Students must maintain a portfolio that details their progress in attaining the objectives of their major. Students must register for and complete the following course.

Course #	Title	Hours
CLSA:3982	Graduation Portfolio	0

Students submit the portfolio to their undergraduate advisor by midterm of the semester in which they intend to graduate. Formal approval of the portfolio is required for graduation. Consult the undergraduate advisor for details.

## Teacher Licensure

Students interested in teaching in elementary and/or secondary schools should seek admission to the Teacher Education Program (TEP) in the College of Education.

To qualify for licensure in secondary teaching, students in the TEP complete a degree in education as well as a related College of Liberal Arts and Sciences degree. See Apply on the College of Education website for details on requirements and deadlines for applying to the College of Education and about TEP choices of majors leading to licensure.

## Honors

### Honors in the Major

Students have the opportunity to graduate with honors in the major. Honors students must maintain a grade-point average (GPA) of at least 3.33 in their major. Additionally, a UI cumulative GPA of at least 3.33 at the time of graduation is required by the College of Liberal Arts and Sciences.

Students must complete two consecutive courses in honors reading, earning 3 s.h. of credit for each course. Honors work may be done in a student's fourth year, or spring of the third year and fall of the fourth year. The readings and discussions must be on an ancient author or a field in ancient history or literature chosen by the student and the instructor. At the end of the second semester, the student presents a substantial research project, which is evaluated for honors by two members of the department.

### University of Iowa Honors Program

In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university's honors program.

Membership in the UI Honors Program is not required to earn honors in the ancient civilization major.

## Career Advancement

Although the ancient civilization major is not preparation for graduate study in classics, it provides a sound basis for preparing individuals to teach at the secondary school and community college levels. It also provides a liberal arts and sciences foundation appropriate for further study in law and medicine. Some graduates go on to complete advanced work in library and information science, museum studies, archaeology, or business. A large proportion of its students pursue advanced degrees.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

### Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.

**Before the fifth semester begins:** at least two courses in the major.

**Before the seventh semester begins:** at least six courses in the major and at least 90 s.h. earned toward the degree.

**Before the eighth semester begins:** at least eight courses in the major.

**During the eighth semester:** enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Sustainability must be completed by choosing a course that has been approved for Sustainability AND for one of these General Education areas: Natural Sciences; Quantitative and Formal Reasoning; Social Sciences; Historical Perspectives; International and Global Issues; Literary, Visual, and Performing Arts; or Values and Culture.

b See General Catalog for list of approved courses

c Students must earn at least 9 s.h. in advanced courses, which may include classics in English (CLSA) courses numbered 3000 or above, Greek language (CLSG) courses numbered 2000 or above, and Latin language (CLSL) courses numbered 2000 and above.

d GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.

e The major requires six additional courses from an approved list or from any of the required subject areas. See General Catalog for list of approved courses or contact advisor for more information.

f Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.

g Students who have completed four levels of a single language or two levels of two different languages in high school or college have satisfied the GE CLAS Core World Languages requirement. Students who have completed three levels of a single language may complete a fourth-level course in the same language or may choose an approved World Language and Cultural Exploration course. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course. Contact your academic advisor or CLAS Undergraduate Programs Office with questions concerning the World Languages requirement.

h Students must maintain a portfolio that details their progress in attaining the objectives of their major. Students submit the portfolio to their undergraduate advisor by midterm of the semester in which they intend to graduate. Formal approval of the portfolio is required for graduation. Consult the undergraduate advisor for details.

i Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Degree Services.
