

# Doctor of Audiology, AuD

## Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

Admission to the program is competitive and each applicant's credentials are considered in relation to the credentials of others in the applicant pool. Individuals with an undergraduate grade-point average below 3.00 are rarely admitted.

The deadline for application is Jan. 15. All applications to the AuD program must be submitted through the Central Application Service for Communication Science and Disorders (CSDCAS) as well as submit an application to the Graduate Program at the University of Iowa.

Students interested in admission to the combined AuD/PhD program are required to initially apply to the AuD program and be admitted. At the end of their second year in the AuD program, they may formally request permission to change their degree objective. If the faculty approve and a mentor is available, students transition into the AuD/PhD program.

For detailed information regarding the evaluation of applicants, application materials and requirements, and other matters, see Graduate Programs on the department's website.
