

Doctor of Audiology, AuD

Combined Programs

AuD/PhD in Speech and Hearing Science

For students who are enrolled in the AuD program but interested in research, the Department of Communication Sciences and Disorders offers a combined Doctor of Audiology/Doctor of Philosophy program. This option is appropriate for students who have more applied research interests but would like to work in academics.

The combined program requires 131 s.h. of coursework. Students must satisfy all the clinical practicum experiences required for the AuD as well as all of the milestones required for the traditional PhD. Completion time for the two degrees varies but is typically seven years. Details on applying for the combined program can be found in "Admission" in this section of the catalog. For more information, contact the director of PhD studies.
