

Doctor of Audiology, AuD

Learning Outcomes

Graduating AuD students will:

- be able to accurately identify, diagnose, prevent, quantify, and treat hearing and balance disorders affecting both children and adults;
- understand the importance of and be able to implement patient- and family-centered, evidence-based approaches to identify, treat, and prevent hearing and balance disorders affecting individuals of all ages; and
- become leaders—nationally and internationally—driving innovation, shaping the future of the profession, and disseminating information about the consequences of untreated hearing and balance disorders as well as the importance of early intervention and prevention.
