Dance, MFA

Admission

Admission is based on a review of submitted choreographic and performance work, letters of recommendation, transcripts, teaching application, statement of purpose, and curriculum vitae. Selected applicants participate in an interview and audition which includes a solo dance, a teaching audition, and when possible, an on-campus visit that includes advanced classes in ballet and contemporary movement practices to determine class placement level.

Demonstrated accomplishment in performance or choreography is a prerequisite for admission to the program. For more information, see Graduate Program on the Department of Dance website.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.
