

Geography, PhD

Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website. Application information can be found on the School of Earth, Environment, and Sustainability website.

A previous degree in geography is not required, but applicants must have an academic background relevant to the field. Strength in social science, environmental science, geographic information science, or another relevant field and interest in exploring the spatial perspectives that characterize modern geography are important in admission decisions.
