

Environmental Sciences

Chair, Department of Earth and Environmental Sciences

- Emily Finzel

Program Coordinator

- Andrew A. Forbes

Undergraduate major: environmental sciences (BA, BS)

Undergraduate minor: environmental sciences

Faculty: <https://environmentalsciences.uiowa.edu/people>

Website: <https://environmentalsciences.uiowa.edu/>

The Environmental Sciences Program provides rigorous interdisciplinary training in the scientific study of the environment. It promotes an understanding of the earth as a complex network of interacting organic and inorganic systems. The program's undergraduate curricula reflect the diversity in the broad field of environmental sciences and draw upon the College of Liberal Arts and Sciences' disciplinary strengths, giving students the opportunity to develop particular areas of expertise.

Hands-on field experience is a crucial component of the program. Students are strongly encouraged to engage in research and study abroad.

The Department of Earth and Environmental Sciences is the administrative home for the Environmental Sciences Program.
