

Ethics and Public Policy, B.A.

Learning Outcomes

The general goals of the major in ethics and public policy are to:

- give students familiarity with the subject matter and methods of four closely related, but distinct disciplines—philosophy, economics, sociology, and political science—acquaintance with which is particularly important for those entering law, government and public service, and related fields;
- teach students to think critically, understand important distinctions, and present and defend positions;
- allow students to see the connections between problems that arise in the four fields that make up the cross-disciplinary major;
- encourage students to solve problems by drawing insights from different fields; and
- prepare students for postgraduate work in one or more of the fields, law school, or any of the indefinitely many careers where the skills fostered in the major will be invaluable.

Ethics and Public Policy Initiatives

- Increase interactions among majors through events such as clubs and movie nights cosponsored by the Department of Philosophy and the ethics and public policy major.
- Encourage promising students to work individually with faculty on honors projects.
- Continue to improve advising.
- Continue to offer a 1 s.h. course that gives credit to students for participation in some of the programmed lectures, clubs, film screenings, among others.
- Advertise and encourage students to enroll in a 2-3 s.h. course that involves relevant internships.
- Review the department's current survey that can provide more useful and fine-grained advice to improve the ethics and public policy major.

Requirements

The Bachelor of Arts with a major in ethics and public policy requires a minimum of 120 s.h., including at least 37 s.h. of work for the major. Students must maintain a g.p.a. of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences GE CLAS Core.

The curriculum includes foundation courses and the work for one field of specialization.

The B.A. with a major in ethics and public policy requires the following coursework.

Code	Title	Hours
	Philosophy Foundation Courses	6
	Economics Foundation Courses	7-8
	Political Science Foundation Courses	6
	Sociology Foundation Courses	6-7

Foundation Courses

Foundation courses introduce students to each of the disciplines that participate in the major: philosophy, economics, political science, and sociology. These courses provide students with the basic reasoning skills they will need for advanced study. The foundation courses also help students make an informed selection of their specialization field.

All students are required to take PHIL:1636 Principles of Reasoning: Argument and Debate or PHIL:2603 Introduction to Symbolic Logic in order to gain facility with abstract, formal reasoning.

Some courses may be listed in both a foundation area and a specialization field; students may use a course to fulfill only one requirement for the major.

Student-Designed Field

In rare circumstances, a student may be given permission to design a specialization field. The student specifies four courses (12 s.h.) numbered 3000 or above, or as considered advanced by the department offering the course. Courses should be interconnected and must suggest a coherent interest. The student-designed field may not duplicate any of the established specialization fields for the major. It also may not include a course that satisfies another requirement for the major.

Students interested in designing their own specialization field should speak with an advisor as early as possible. They must obtain approval from their advisor and from the steering committee of the major in ethics and public policy as soon as possible after they declare the major and before they complete the designated coursework.

Honors

Honors in the Major

Students have the opportunity to graduate with honors in the major. Honors students must maintain a g.p.a. of at least 3.50 in work for the major and a cumulative University of Iowa g.p.a. of at least 3.33; the UI cumulative g.p.a. is set by the College of Liberal Arts and Sciences. In order to graduate with honors in the major, they must complete all work for the major and write an acceptable honors thesis on a significant topic related to the major. Students who write their honors thesis in philosophy should consider preparing for the thesis by taking PHIL:3950 Readings in Philosophy; students who write in economics should consult the coordinator of the Ethics and Public Policy program for an appropriate course; students who write in political science should take POLI:4000 Honors Seminar on the Study of Politics; and students who write in sociology and criminology should consider taking SOC:4997 Honors Seminar. Contact the coordinator of the Ethics and Public Policy program for more information.

University of Iowa Honors Program

In addition to honors in the major, students have a variety of opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the University's honors program.

Membership in the UI Honors Program is not required to earn honors in the ethics and public policy major.

Career Advancement

The ethics and public policy major provides an ideal background for law school. It brings an important background to legal studies in fields that both explicitly and implicitly arise in the context of pursuing a J.D. degree. The study of reasoning, an important component of the major, is useful in preparing for the Law School Admission Test (LSAT), the

Graduate Management Admission Test (GMAT), and the Medical College Admission Test (MCAT). The major also prepares students to bring a sophisticated, cross-disciplinary perspective to diverse fields such as government, urban and regional planning, social work, and business.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

Academic Plans

Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the University's Four-Year Graduation Plan. Courses in the major are those required to complete the major.

Before the third semester begins: at least one course in the major.

Before the fifth semester begins: at least three courses in the major.

Before the seventh semester begins: at least seven courses in the major and at least 90 s.h. earned toward the degree.

Before the eighth semester begins: at least nine courses in the major.

During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

Total Hours	122-130

- a Sustainability must be completed by choosing a course that has been approved for Sustainability AND for one of these General Education areas: Natural Sciences; Quantitative and Formal Reasoning; Social Sciences; Historical Perspectives; International and Global Issues; Literary, Visual, and Performing Arts; or Values and Culture.
- b Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages requirement. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course.
- c Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.
- d GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
- e Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.
