* Sustainability must be completed by choosing a course that has been approved for Sustainability AND for one of these General Education areas: Natural Sciences; Quantitative and Formal Reasoning; Social Sciences; Historical Perspectives; International and Global Issues; Literary, Visual, and Performing Arts; or Values and Culture.
* ITAL:1101 and ITAL:1102 do not count for credit toward the major. Language level placement will be determined by the online placement test score and consultation with the Director of Italian Studies. Students who place into the
5th semester level of the language will begin major level coursework and not be required to take semesters 1-4 of the language.

c Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages requirement. Enrollment in Italian courses requires an online placement exam and consultation with the Director of Italian Studies, unless enrolling in a first-semester-level course.

d GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.

e Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.

f Students pursuing the Italian major must take this course for 4 s.h.

g Fulfills a major requirement and may fulfill a GE requirement.

h Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.
