

Gender, Health, and Healthcare Equity, Minor

Health care evolves continually and capable professionals will be in high demand. In order to meet the national and international challenges posed by a rapidly changing field, people must be knowledgeable, able to innovate, and willing to learn. Upon completion of the minor in gender, health, and healthcare equity, students will possess the knowledge and skills necessary to think critically about the complex intersections of gender, race, sexuality, and class in relation to health, illness, and health care.
