Graduating with departmental honors and graduating with university honors are two opportunities available to high-achieving undergraduate students, each with specific and distinct requirements. Some students pursue both options while others pursue one or the other. Membership in the University of Iowa Honors Program is encouraged, though not required, to earn honors in the major.

Honors in the Major

Within the College of Liberal Arts and Sciences, each major develops its own requirements to achieve honors in the major. To graduate with honors, departmental honors students must maintain a cumulative University of Iowa grade-point average (GPA) of at least 3.33 and a GPA of at least 3.33 in all work for the major. They must be admitted to the department’s honors program by the first semester of their senior year or earlier. Students also must complete 6 s.h. of research/internship credit, and successfully complete an honors thesis and presentation.

University of Iowa Honors Program

In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university’s honors program.

Membership in the UI Honors Program is not required to earn honors in the sustainability science major.
