Academic Plans

Four-Year Graduation Plan

The Four-Year Graduation Plan is available only to Interdepartmental Studies Program (ISP) students in the individualized plan of study track. Students in the other ISP tracks work with their advisors to develop individual graduation plans.

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required to complete the major.

Before the seventh semester begins: an approved individualized plan of study, at least six courses in the plan of study, and at least 90 s.h. earned toward the degree.

Before the eighth semester begins: a total of at least nine courses in the plan of study.

During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

Sample Plans of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.
