

International Relations, B.A.

A major in international relations focuses on economic relations between states, a crucial area of study in today's globalized world. Students are introduced to the politics of foreign countries. They develop an understanding of how countries interact and acquire a deep appreciation for the root causes of problems that transcend national boundaries.

Requirements for the major are the same for B.A. and B.S. students, except that the major for the B.S. requires a set of mathematics/statistics courses, while the major for the B.A. does not.

Learning Outcomes

Graduates will:

- possess a broad understanding of international relations,
- be able to apply a theoretical approach in international relations to understand a specific area of international relations,
- have effective written and oral communication skills, and
- be able to conceptualize problems and apply analytical tools to solve them.

Requirements

The Bachelor of Arts with a major in international relations requires a minimum of 120 s.h., including at least 37 s.h. of work for the major. At least 18 s.h. of coursework for the major must be taken at the University of Iowa. Students must maintain a g.p.a. of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences GE CLAS Core.

Students choose one of five tracks: conflict and foreign policy, international business and economic relations, regional politics and relationships, transnational issues, or a self-defined track.

The B.A. with a major in international relations requires the following coursework.

Self-Defined Track

Students may create their own track with permission from the director of undergraduate studies. A self-defined track may not duplicate an existing track or another academic program of study at the University of Iowa. It must consist of at least 18

s.h. of coursework, which must include 3 s.h. of credit earned in courses from each of three departments.

Honors

Honors in the Major

Students majoring in international relations have the opportunity to graduate with honors in the major. Students must maintain a cumulative University of Iowa g.p.a. of at least 3.33, as required by the College of Liberal Arts and Sciences, and a major g.p.a. of at least 3.50. They must complete POLI:4000 Honors Seminar on the Study of Politics in addition to the minimum major requirements. Honors students complete an honors thesis through their enrollment in POLI:4801 Honors Senior Seminar in International Relations.

National Honor Society

The department sponsors a chapter of Pi Sigma Alpha. Students who have a cumulative g.p.a. of at least 3.30, have attained junior standing, and have completed 15 s.h. of coursework in political science are considered for membership. Contact the Department of Political Science honors advisor for more information.

University of Iowa Honors Program

In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the University's honors program.

Membership in the UI Honors Program is not required to earn honors in the international relations major.

Career Advancement

A major in international relations is an excellent choice for any student considering a career in either the public or private sector, including the diplomatic service, intelligence organizations, multinational corporations, nongovernmental organizations, international organizations, think tanks, public health agencies, the media, and numerous other professions. The international relations major also prepares students to pursue postbaccalaureate degrees such as the J.D., M.A., or Ph.D.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

Academic Plans

Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the University's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.

Before the third semester begins: POLI:1500 Introduction to International Relations.

Before the fifth semester begins: all core courses and the methods course.

Before the seventh semester begins: at least 12 s.h. in the track and at least 90 s.h. earned toward the degree.

Before the eighth semester begins: all track requirements.

During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

- Fulfills a major requirement and may fulfill a GE requirement.
- Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages requirement. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course.
- Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.
- GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
- STAT:1010 or STAT:1020 recommended.
- Students complete four approved international business and economic relations track elective courses, including courses from at least two different departments.
- Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.
