## Academic Plans

# Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.

Before the third semester begins: begin language work.

**Before the fifth semester begins:** at least first-year language competency.

**Before the seventh semester begins:** at least second-year language competency and at least 90 s.h. earned toward the degree.

**Before the eighth semester begins:** at least third-year, first-semester language competency and one additional course in the major (for the Japanese track, two additional courses in the major).

**During the eighth semester:** enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

# Sample Plans of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.
