

French and Francophone World Studies, PhD

Admission

An MA in French is prerequisite to admission to the PhD program in French and Francophone world studies. However, successful completion of an MA in French does not necessarily qualify a student for doctoral study.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

Applicants for the fall semester whose application materials are received in the department by Jan. 15 have the best chance to be admitted and receive financial aid. They must submit academic transcripts, letters of recommendation from three persons familiar with their past academic work, a statement of purpose in taking graduate work, and one or more samples of original writing, one of which should be in French, that show their ability to pursue graduate work in French (a term paper, seminar paper, or other course papers).
